

NC We the People Campaign (NCWPC)

DATABASE USAGE POLICY

This policy of the NCWPC pertains to the assembled data resulting from the circulation of petitions and subsequent gathering of names and contact information for the people who signed the petitions.

1. The collected names and contact information shall be used for the NC We the People Campaign only.
2. Any data collected by a member organization will not be merged with any other sourced data of the organization, nor will the information be used in a separate communication to signers about anything other than a NCWPC matter. Data collected by and for the NCWPC will only be used to further the purposes of that campaign, such as inviting signers to a NCWPC local meeting.
3. The data will be stored in a separate secure medium accessible only to a limited number of members of the NCWPC. The date of expiration is set for 12/31/2018 unless it is extended by a consensus of NCWPC members.
4. The NCWPC will establish rules of access and use for the full contact database.

Approved by unanimous consensus by those attending the meeting on 10/10/16.
